

Planning for Challenge

Targeted H Students:

Content

- What is the **challenging content** you will teach students and how will you **explain** this clearly? Does this prepare them for further education and beyond?

Thinking

- What **think hard questions** and tasks will students be exposed to?
- Where will you focus your **feedback** to support struggle and promote deep thinking?

Shaping

- How will you **model excellence** to students?
- How will they **practise** using this challenging knowledge & skills?
